~~PROPOSED AGENDA FOR ROME CONFERENCE~~

1. POLITICAL (External)

- (a) State Department and Foreign Office attitude toward Valuable/Friend.
- (b) Yugo-sponsored Committee of Free Albanians and Tito's intentions.
- (c) Italian attitude toward Albania.
- (d) Greek situation.
- (e) Maintenance of good relations with Greece. (Is this going to be jeopardized by the frequent flights over Albania? What is the danger of divulgence of the air operation from one of the accused in the current spy trial? What of protests to the UN of aerial penetrations)?

2. PROPAGANDA

- (a) Need to maintain morale in Albania.
- (b) Need to support unity within the NCFA.
- (c) Extent of leaflet raids.
- (d) Guidance to external agencies - BBC, VOA, RFE.
- (e) Attitude toward Yugo-sponsored Committee of Free Albanians.
- (f) Revisions of joint Valuable/Friend propaganda directive (i.e. concerning para e above).
- (g) "VFPA". Need for talks and commentaries to conform to joint Anglo-American propaganda directive, or an amendment thereof.
- (h) Leaflet raid at the end of December 1951. (The Propaganda sub-committee to produce text of a leaflet at the end of December).
NOTE: This might be a double-sided leaflet with text on one side and cartoon on the other. Suggested cartoon would show Nasredin Hoxha and Albanian peasant squatting on either side of a big pile of documents captioned "Communist Lies". Nasredin says to his friend: "Eat all that, brother, and how happy and well fed you will feel". OPC might like to prepare a leaflet of their own for distribution on the same occasion -- 250,000 copies to be dropped of each, or a total of 500,000.
- (i) Publicity for NCFA. Is NCFA doing anything apart from leaflets to publicize themselves? (e.g. by distribution of manifestos, letters to Secretary General of UN, to Western and other governments)?
- (j) Distribution of useful articles -- razor blades, aspirin, etc.

3. FOLLOW-UP PREPARATIONS

- (a) General exchange of ideas.
- (b) Attitude toward Committee.
- (c) Planning.

4. INTELLIGENCE

- (a) Improvements in exchange arrangements. Are we getting all available intelligence from the Greeks and Italians?
- (b) Exploitation of potential Embassy defector.
- (c) Int. for radio.

- (c) Disloyalty of Said Kryezin.
- (d) Influence within the country.

7. OPERATIONAL (Future).

- (a) Plans for 1952:
 - (1) Fiend intentions.
 - (2) Valuable intentions.
 - (3) Mounting of high-level intelligence operations (if British and Americans switch to contacting high-level Military and CP circles it must be ensured that we do not both try to contact the same men. Worse still, the situation might arise whereby the British might be trying to "frame a man whom the Americans are seeking to cultivate".
 - (4) Review of operational coordination.

8. SECURITY.

- (a) Investigation into the causes of leakages.
- (b) Advisability of "bulk" recruiting (e.g. the recent recruitment of 40 men for the Guard Company might be regarded as giving the enemy an opportunity for the infiltration of CP informers).
- (c) We consider all our present operators "blown". Would this also apply to the Guard Company?
- (d) The Albanian habit of prolific letter-writing. Are our plans thereby betrayed to Italian and Greek censorship?
